NO DECISION THIS WEEK.

Chicago, Feb. 18.-Chance for a decision in the suit brought by the Federal Baseball League to dissolve the National Baseball Commission before next Wednesday or Thursday was apparently dissipated today when Federal Judge K. M. Landis, who has the matter under advisement, left for Springfield to hear evidence in patent cases. The court announced he would not return before next Wednesday.

**RELAY RACE WILL BE** FEATURE OF GAMES

Eighteen Events Are Listed for Teams. Championship High School Race Scheduled.

At least eighteen relay races will be on the Georgetown program for their big track and field games on the 27th of this month. These will range from colleges, clubs and prep and high schools to grade school boys and midget relays. Manager Gurry intends that the meet shall start promptly at 7:30, and the officials have been in-structed to run the events off promptly. This will insure the games from run-ning over their scheduled time and offset the number of entries that would otherwise make this task a difficult

In the interests of the undergraduates an inter-department relay has been carded and also a class race in the law department. Another race of somewhat similar sort is the relay or the different fraternities of the for the different frorefessional schools.

The scholastic race of the evening that will no doubt create the most local interest and have the schoolboys cheering for their teams will occur when Johnny McHugh sends the boys from the mark in the championship

has been consistent at five feet eleven inches, and so his claims stand a good chance of materializing. The Georgetown team was given a great send-off by the students last night when they set out on their Northern Invasion.
